TEXTURED MATT POWDER COATING

TEXTURA BLACK

A textured matt powder coat finish that feels as good as it looks...

Featuring a subtle, sand-like texture, Textura® Black is a low-gloss, tactile alternative to standard powder coated finishes such as gloss, satin or matt.

With seamless integration across the Bradnam's product range, Textura® Black's interaction of colour and surface creates a whole new level of design expression.

Features

- Modern alternative to standard powder coated finishes such as gloss, satin or matt
- Combines visual (colour) and tactile (texture) design elements
- Lower gloss level compared to standard powder coating
- 'Anti-mar' finish provides superior protection from abrasions

COLORBOND® AND ® names are registered trademarks of BlueScope Steel Limited. Over time performance may vary between COLORBOND® Steel and Interpon Powder Coatings due to the different paint technologies used.

The colours displayed on this card are a guide only and have been matched as close as possible to Interpon® production standards as modern printing processes allow.

Due to the nature of printing processes, some degree of colour and gloss level variation may occur. Bradnam's recommend the viewing of an aluminium colour swatch prior to order.
